

ITG Communications Named to Newsweek's America's Greatest Workplaces 2026

June 16, 2026

Fort Lauderdale, FL, 6/16/26 — ITG Communications LLC ("ITG") today announced it has been named one of *America's Greatest Workplaces 2026* by *Newsweek* and *Plant-A Insights Group*, based on an evaluation of publicly available data and a confidential nationwide employee survey. The recognition highlights organizations that prioritize employee well-being, strong leadership, fair compensation and work-life balance.

"Being recognized as one of America's Greatest Workplaces for the fourth year in a row is a tremendous honor for ITG. Our work is demanding — building and maintaining the broadband infrastructure that keeps communities connected — and it requires a level of skill, safety, and professionalism that our teams demonstrate every single day.

"What makes this recognition meaningful is that it reflects the voices of our frontline team. As we continue to grow across the globe, our commitment remains the same: Creating an environment where our people feel valued, supported, and proud of the work they do. I'm incredibly proud of our team and grateful for the dedication they bring to ITG and to the customers and communities we serve," said Andy Parrott, ITG CEO.

America's Greatest Workplaces 2026

"We all want to work somewhere we feel valued. Our newest research celebrates the companies making that a reality. When businesses put their people first, everyone wins—employees are happier, productivity goes up, and the company thrives. These rankings shine a light on the workplaces truly getting it right for their teams," said Jennifer H. Cunningham, *Newsweek* Editor-In-Chief.

About ITG Communications

Founded in 2013, We Started as Techs—and that hands-on experience continues to drive everything we do. Our commitment to customer service, quality craftsmanship, problem-solving, and safety has built ITG's reputation as a trusted nationwide turnkey provider of end-to-end digital infrastructure services.

With the capability to mobilize crews and equipment across the U.S., we support mission-critical projects with speed, consistency, and precision. Powered by our proprietary business intelligence platform, FUSE 360, we leverage real-time data and analytics to drive smarter decisions, streamline operations, and adapt quickly to evolving project demands. Customers rely on ITG as a partner that supports their long-term growth through consistent execution.
